**reNIKOLA Gedong Signs 30-Year Power Purchase Agreement
for 363MWp Solar Project in Sarawak**

KUCHING, 17 September 2026 - reNIKOLA Gedong Solar (Sarawak) Sdn Bhd (“reNIKOLA Gedong”), a subsidiary of reNIKOLA Holdings Sdn Bhd (“reNIKOLA”), has entered into a 30-year Power Purchase Agreement (“PPA”) with Syarikat Sesco Berhad, a wholly-owned subsidiary of Sarawak Energy Berhad, for the development of a 250MWac large-scale solar photovoltaic power generation facility in Sarawak.

With a total project investment of approximately RM1 billion, the project will have an installed capacity of up to 363MWp and will be located in Gedong, Simunjan District, Samarahan, Sarawak.

YBhg Dato’ Posa Bin Majais, Executive Chairman of Punggor Wibawa Berhad and Gedong Solar Park Industry Sdn Bhd, said “This project is more than a significant investment; it is an opportunity to create lasting value for Sarawak and the local communities. Through the development and operation of the facility, we expect to generate economic activity through employment opportunities, local procurement and the development of local capabilities throughout the project lifecycle. We are committed to working closely with our stakeholders to ensure that the project delivers meaningful and sustainable benefits to the local community, while contributing to Sarawak’s growing renewable energy capacity and supporting the State’s long-term ambition for a cleaner, more sustainable and resilient energy future.”

The project represents a significant milestone in reNIKOLA’s renewable energy growth strategy and marks its strategic foray into Sarawak’s rapidly developing renewable energy landscape.

With its long-term PPA, the project is expected to become a key component of reNIKOLA’s growing renewable energy portfolio and a meaningful contributor to Sarawak’s clean energy development.

Boumhidi Adel, Managing Director of reNIKOLA, said “We are deeply grateful for the trust and confidence placed in reNIKOLA through this partnership. We are truly honoured to have

the opportunity to be part of the project and Sarawak's renewable energy journey. We sincerely appreciate the opportunity to contribute to Sarawak's sustainable energy aspirations and look forward to seeing this project bring meaningful and lasting benefits to the State and its people."
